PROFESSIONAL SUMMARY

Computer Science and Engineering student skilled in Python, Flask, SQL, HTML, CSS, and JavaScript. Experienced in developing web applications and academic projects with strong problem-solving and software development skills.

EDUCATION

B.Tech in Computer Science and Engineering	2022 – 2026
Sri Venkateshwara College of Engineering and Technology	CGPA: 8.58
Intermediate (MPC)	2020 – 2022
Sri Chaitanya Junior College, Piler	Percentage: 67
SSC	2019 – 2020
Z.P Girls High School	Percentage: 92

TECHNICAL SKILLS

Programming Languages: Python

Frontend: HTML5, CSS3, JavaScript, React.js

Backend: Flask

Database: SQL, MySQL

Tools Platforms: Git, GitHub, VS Code, Jupyter Notebook

Core Skills: Problem Solving, Team Collaboration, Critical Thinking, Communication

INTERNSHIP

Pet Adoption and Rescue Management Porta - Infosys Springboard	Feb 2026 – Apr 2026
---	---------------------

- Successfully completed Internship 6.0 by developing a Pet Adoption and Rescue Management Portal.
- Designed and implemented modules for pet registration, adoption requests, and rescue management.
- Developed backend functionality using Python and integrated database operations.
- Applied software engineering principles including requirement analysis, testing, debugging, and documentation.
- Enhanced practical skills in web development, database management, and problem-solving.

PROJECTS

Hotel Booking System

- Developed a full-stack hotel booking web application using Python, Flask, HTML, CSS, JavaScript, and MySQL.
- Implemented user authentication, room search, booking, and cancellation functionalities.
- Integrated MySQL database for storing customer and booking information.
- Developed responsive user interfaces and improved user experience.
- Applied validation and error handling for secure and reliable transactions.

Pet Adoption and Rescue Management Portal

- Developed a web-based platform for pet adoption and rescue management.
- Implemented pet registration, adoption request tracking, and rescue management features.
- Integrated SQL database operations for secure storage and retrieval of pet information.
- Developed responsive user interfaces using HTML, CSS, and JavaScript.
- Performed testing and debugging to improve system reliability and performance.

CERTIFICATIONS

- Python Course Completion Certificate – GeeksforGeeks
- Infosys Springboard Internship 6.0 – Pet Adoption and Rescue Management Portal
- Human Computer Interaction – NPTEL (2026)
